Subject:- Regarding Financial opening and Award of Contract (AOC)  
on E-proc website.

It has come to the notice of E-Tendering nodal Office Team that after the tenders are being awarded to the contractors, the Award of Contract (AOC) is not completed on the E-Proc website. The training in this regard was given to all concerned that the financial evaluation and financial opening in respect of tenders is to be done on the E-proc website only. As a result of above anomaly, the unsuccessful bidders are not getting their refunds and the successful bidder's EMD is not getting transferred to the account of Nodal Officer E- Tendering.

It is requested that wherever the contracts have been awarded physically but not on the website, the website shall be updated. For future tenders also all the technical evaluation, financial evaluation and financial opening shall be done on the E-proc website only.

Nodal Officer/E-Tendering-Cum-  
Executive Engineer,
